Why Choose Focusun?

Superior Products

Focusun believes in the philosophy that high quality is the footstone of corporation's long-term development. From the selection of suppliers for components of ice making machines at the beginning to the inspection of products before being dispatched from the factory, we pay closest attention to every step on the production process and makes sure of the excellent quality.

Perfect Service

Focusun intends to bring to customers convenience and optimized working process by offering perfect service. Once you have interest in our ice makers and other related products, our professional sales, marketing, production, technical and after-sales service teams will provide you with detailed information and meet your requirements about your commercial or industrial ice-making projects.

Innovative Technology

Innovation has become the fundamental driving force of development for Focusun and makes us the trustable cooperative partners of many clients both in and out of China in ice making industry. By blazing new trails, Focusun team intends to help customers enjoy the latest technology. Focusun holds to the opinion that customers' success is the ultimate purpose of innovations, thus we devote ourselves to provide excellent cooling and ice-making solutions for clients.
